The golf course is located in an area with natural vegetation, mainly populated with pine, running along the sea to the south.

This sandy field with its mild features, includes a great variety of sceneries with even areas and gentle slopes, perfect for a round of golf.

While the course's smart technical design is suitable for international championship, golfers of every level will find the course enjoyable.

The 18-hole course is 5.841 meters and has a 71 par.

The Golf Nuevo Portil, which enjoys excellent weather all year round ( 13° to 24°) and over 300 days of sunshine, has fantastic facilities to make your favourite sport sheer pleasure:

-Training field close to Hole 1, large Putting Green and Chipping Green.

-A full range of services: cars, shops, golf club rental, private or group lesson, manual and electric trolleys, shower areas, changing rooms.

The GOLF NUEVO PORTIL is located at the Urbanizacion Nuevo Portil, in Cartaya, just 18 Km. from Huelva, 91 from Sevilla and facing the "El Rompido "sand barrier more than 3 Km long and 45 meters high.

It extends along 46 hectares and is 5.841 meters long, perfect to walk on its gentle slopes and several dog-legs, and quite entertaining in addition.

Over the course and its 18 holes you will enjoy the most beautiful sights of the coast of Huelva: never-ending dune beaches, the ocean, or woods of pines and century-old savins.

The exquisite design by Alfonso Vidoar, maintaining its initial flavour with wide lanes and pleasant greens, provides the field with a great quality and variety.

It takes its name from the "Laguna del Portil", a coastal type of lagoon which is a bird sanctuary and a safe haven for chameleons, declared a Natural Reserve.

The perfect culmination for the extraordinary surrounding beaches as well as for the paradise-like scenery of the coast of Huelva are the unique spots nearby.
